

MAKING THE BEST EVEN BETTER.

The H125 (previously named the AS350B3e) outclasses all other single-engine helicopters for performance, versatility, low maintenance, and low acquisition costs, while excelling in high and hot and extreme environments. It is a member of Airbus' Ecureuil family, which has accumulated more than 32 million flight hours worldwide.

In 2005, the AS350 B3 broke the world record for the highest-altitude landing and takeoff, performed on Mount Everest at 8,848 metres (29,029 feet), a title still held today.

FEATURES

-  Cold Food Available*
-  Five Seats
-  Leather Seating
-  Private Cabin Intercommunication System

-  Refreshments
-  Super Silent Sound Proofing
-  External Baggage Bay

*additional charges may apply

AIRCRAFT SPECIFICATION

Registration:	HB-ZVL
Manufacturer:	Airbus Helicopter
Aircraft model/Type:	AS 350 B3
Year of manufacture:	2018
Certification Basis:	14 CFR FAR Part27
Airworthiness Category:	Small Rotocraft
Range :	662 km
No. of seats:	5
Crew :	1
Max. take-off mass :	2 250 kg
Engine:	Arriel 2D
TCAS:	Yes
Autopilote :	Yes
