

SEE FURTHER. GO ANYWHERE

AW109 is the latest-generation light twin-engine helicopter featuring a digital glass cockpit and composite material fuselage.

Passengers will experience the smoothest ride and the highest levels of comfort. Designed for low noise and low vibration in the spacious cabin, passengers experience a comfortable elegant flying experience.

High safety standards are ensured by the excellent One Engine Inoperative (O.E.I.) flying characteristics, crashworthy seats, airframe and fuel tanks.
